Description :

PDF-c46cb | There are few existential challenges more serious in the twenty first century than energy transition. As current trends in energy production prove unsustainable for the environment, energy security, and economic development, innovation becomes imperative. Yet, with technological challenges, come legal challenges. Zillman, Godden, Paddock, and Roggenkamp assemble a team of experts in their field to... *Innovation in Energy Law and Technology: Dynamic Solutions for Energy Transitions*
