Description :

PDF-ac5bf | Every enterprise application creates data, whether it's log messages, metrics, user activity, outgoing messages, or something else. And how to move all of this data becomes nearly as important as the data itself. If you're an application architect, developer, or production engineer new to Apache Kafka, this practical guide shows you how to use this open source streaming platform to handle real... *Kafka: The Definitive Guide: Real-Time Data and Stream Processing at Scale*
