Refactoring: Improving the Design of Existing Code PDF

by Martin Fowler : **Refactoring: Improving the Design of Existing Code**

ISBN : #0201485672 | Date : 1999-07-08

Description :

PDF-8b877 | As the application of object technology--particularly the Java programming language--has become commonplace, a new problem has emerged to confront the software development community. Significant numbers of poorly designed programs have been created by less-experienced developers, resulting in applications that are inefficient and hard to maintain and extend. Increasingly, software system professio... *Refactoring: Improving the Design of Existing Code*
