Description :

PDF-2c85c | A groundbreaking and challenging examination of the social, cognitive, neurological, and biological roots of psychopathy, cruelty, and evil. Borderline personality disorder, autism, narcissism, psychosis: All of these syndromes have one thing in common--lack of empathy. In some cases, this absence can be dangerous, but in others it can simply mean a different way of seeing the world. In *The Science of Evil: On Empathy and the Origins of Cruelty*
